#### CONTEC-customized BIOS provides useful utility

Useful utility of BIOS \*3 customized by CONTEC is provided.

The "Disk Copy" function provides secure disk backup at the BIOS level, and also supports backup in file format or compressed file format. We also offer the CONTEC tools "BIOS update tool" for updating BIOS.\*4

#### Helps reduce running costs and energy consumption

This product uses the x6413E low power consumption Intel Atom processor platform to achieve low power consumption while still providing sufficient performance.

#### Fan-less design reduces maintenance work

The product is fan-less to ensure a totally spindle-less design that simplifies maintenance, relieving the concern about dust or foreign matter to get into the product. Moreover, along with minimized use of degrading parts greatly reduce maintenance work.

\*1 Derating conditions exist.

\*2 The Power Failure Protection system function is only supported by models equipped with M.2 SSD.

\*3 For details, see each setting in the [BIOS Setup] section.

\*4 Contact your retailer for more information.
